My name is Abdul Rahman, situated in Karnataka, India, and I'm a software developer hailing from India. I embarked on my journey in the world of technology at PESITM, where I honed my skills and nurtured my love for crafting innovative software solutions. Currently, I serve as a dedicated Software Engineer at Eton Solutions, where I continually strive to push the boundaries of what's possible in the digital realm.

EXPERIENCE

Software Engineer   Jun 2023 - Present
Eton Solutions, Banglore
- Proficient in tech stack, Azure Functions, Logic Apps, APIM (Azure API Management), and Azure SQL Databases, I've developed APIs in Node.js, deploying them seamlessly onto Azure Functions. My expertise spans advanced high-level OpenAI integration with Angular designing for the ETON GPT project, enhancing applications with AI capabilities. I've optimized Logic Apps for streamlined workflows, managed APIM for secure API administration, and maintained Azure SQL Databases for reliability. Additionally, my skills cover Azure Storage accounts, Virtual Machines, and Azure Cosmos DB for scalable data solutions and NoSQL databases. Orchestrating deployments for QA, production, and Power BI, I've automated configurations while ensuring 24x7 availability and proactive issue resolution for Power BI and Portal-related concerns. Measurable outcomes include achieving a 30% improvement in API response time, a 20% increase in user engagement through AI integration, and 50% faster automated Power BI deployments, enhancing operational efficiency and user experience.

Trainee Engineer   Aug 2022 - Jun 2023
Eton Solutions, Banglore

EDUCATION

Bachelor of Engineering (B.E.) - Computer Engineering   2018 - 2022
PES Instiue of Technology and Management, Shimoga
